Dear Valued Customer,

We are pleased to announce that Norlab Laboratory Systems Inc. is an active member of ISNetworld. We have centralized our compliance data within ISNetworld and streamlined our reporting process, making it easier for your company to prequalify our company.

Clients such as Agrium, Encana and Nova Chemicals have evaluated Norlab laboratory Systems Inc. through ISNetworld. We have made the following information available to our clients in an electronic format, which is available online 24 hours a day.

- Health, Safety, and Environmental Questionnaire
- Insurance Certificates
- Workers Compensation Account Status and Rate Statements
- COR/SECOR/SMA Certificates
- Written Health, Safety, and Environmental Programs
- Training Information
- Reporting of Hours and Incidents by Month

ISN's Review and Verification Services (RAVS) verifies and evaluates our health, safety, and procurement information to ensure regulatory and client specific requirements are met.

We encourage you to contact ISN at (800) 976-1303, via email at ISNCanada@isn.com, or visit their website: www.isnetworld.com

Thank you for your business and for your consideration in using ISNetworld.

Best regards,

Tammy Patterson
